AY

AYBINI INVESTMENTS

ARIZONA-BASED TECHNOLOGY COMPANY

We Engineer What's Next.

CAPABILITY STATEMENT / PROSPECTIVE PUBLIC-SECTOR PROVIDER

Custom software. Intelligent automation. Digital experiences.

CORE CAPABILITIES

- Government website modernization
- Digital citizen-service portals
- Internal administrative systems
- Workflow and operations automation
- Data management and reporting
- Legacy system and API integration
- Accessibility-oriented development
- Application maintenance and optimization

PROPOSED DELIVERY APPROACH

Discover and scope the requirement. Document architecture and integration constraints. Build in reviewable increments. Test the critical paths. Prepare a clear operational handover.

Accessibility, data handling, acceptance criteria, deployment, and support needs are established for each engagement.

ENGAGEMENT FOCUS

Federal, Arizona state, county, and municipal procurement audiences. Available to discuss requirements and potential project fit.
